Instantly transform the great outdoors into an outdoor great room.

Just turn it on and turn an ordinary deck or patio into an extraordinary entertainment space. Dakota—the world’s first outdoor gas fireplace—combines all the ease and convenience of a gas fireplace with weatherproof, stainless steel construction. Customize it to match your home, or opt for the enjoy-it-now design of our stucco and tile Outdoor Elements surround set—created just for Dakota.

Dakota Specifications

Dimensions above are in inches. Reference dimensions only. We recommend measuring individual units at installation. Assumes the use of 1/2" Sheetrock. NOTE: Non-combustible material is allowed over this dimension. Make sure you do NOT cover the decorative door opening. Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. Actual product appearance, including flame, may differ from product images.

Outdoor Elements options Mix and match these stucco and tile colors to complement your home.

*Standard colors. All other colors are available by special order.
